STARK IT UNIVERSE

School AMC scope worksheet

SAMPLE FOR DISCUSSION - NOT AN EXECUTED CONTRACT

Use this worksheet to request a proposal or compare annual maintenance scopes. All rates, visits, service levels, coverage and responsibilities require written agreement. Blank fields are not promises or default contract terms.

1. School and service location

School / institution	Name: _____
Campus address	Address and postcode: _____ _____
School contact	Name / role: _____ Phone / email: _____
Requested period	Start: _____ End: _____

2. Equipment to assess

Attach an asset schedule listing device type, make, model, serial number, classroom, age, warranty status and existing faults. SIU and the school must accept the covered inventory after assessment.

Assets and quantities	Panels: _____ Projectors: _____ Computers: _____ Other: _____
Condition / exclusions	Existing faults and unaccepted assets: _____ _____

3. Scope option to quote

Circle or mark: Preventive care / Labour support / Parts-inclusive proposal. Define every included service and any replacement limits in the final proposal.

Service schedule & commercial scope

Complete these fields with the supplier before approving the final proposal.

Preventive visits	Visits per year and schedule: _____ Inspection tasks and report: _____
Support window	Days / hours / holidays: _____ Ticket channel: _____
Acknowledgement	Target and measurement start: _____
On-site response	By severity and travel zone: _____ Remote triage / access conditions: _____
Resolution / updates	Target or next-update time: _____ Parts lead time and other dependencies: _____
Parts and labour	Included items and limits: _____ Chargeable approval process: _____
Loaner and transport	Availability, model, duration and charges: _____ Workshop custody / return terms: _____
Escalation	Operational contact: _____ Next escalation contact: _____
Exclusions	Consumables / damage / power / software / obsolete equipment / other exclusions: _____
Price and payment	Rate unit and annual subtotal: _____ Tax treatment, validity and milestones: _____
Renewal and records	Renewal / cancellation / exit terms: _____ Reports and records to hand over: _____

School responsibilities: agree site access, a nominated contact, safe power, lawful software and data backup arrangements. The signed proposal and asset schedule govern the service; this sample does not establish coverage.

Discuss the completed scope with SIU:
